Subject: Donavon/Wenstrup

Whitney:

There were spots AC1899 Donovan/Wesntrup WD101513 and AAC1898 Donavon/Wenstrup DW101513 (that are :30 second spots) that were logged for 10/18. On 10/18, 12:10pm they were listed on the log as :15 bookends. On this day AC1989 ran and AC1899 was killed, in order to remain on time. One :30 aired, although 2x :15s were ordered (the equivalent to :30).

In order to correct the error for invoicing, we need to add 1x Noon News spot on 10/18 at length :30, to insure that contract totals match.

The confidence recorder has been checked, and this spot did, indeed air. It's just a matter of Master Control changing the length of the spot before the contract was updated.

I have consulted with the business office and this action is what needs to be done to reconcile invoice.

Thanks

SAJ
